

Back up your computer

Mine in this case

Gillian Villeneuve

- How many of you do not have back up ?
- How many of you have wished you had it?

This evening is to help us all
be in the best situation possible

- I do it the easy way
- It's automatic;
 - when it's an option, I set the schedule.
- The software tells me if the external storage is full

- Time Machine
 - runs continuously
 - I don't remember setting it, but I must have.

- Super Duper runs every evening, and it's easy to search
- I expect to learn more tonight
- I think I'm going to have quite a lot of work to do
